

GRANITE CREEK CLEANUP

GUIDELINES for 20 April 2024

Thank you for helping keep Prescott beautiful!

Granite Creek Cleanup:

Welcome! Over 400 people are coming together this year to make a difference in the Prescott community! That's impressive. Things to know: **1)** Pre-Registration was required – additional t-shirts are not available. **2)** The Drive-Up Sign-In has worked so well, we're sticking with it! **3)** Dispersed Outdoor Cleanup Locations – People are assigned to almost 50 locations around the watershed!

Have a fun Granite Creek Cleanup experience and stay safe!

General Recommendations and Guidelines

- APPAREL:** We recommend water-resistant, hard-soled shoes or boots, long pants, long sleeved shirts, and work gloves. Don't forget your sunscreen along with a big, shady hat, and water bottle.
- LEAVE:** Car batteries, barbed wire, hazardous waste, or large items (over 5 ft.) should be left in place. Notify Prescott Creeks personnel of the location. Use the [REPORT LARGE DEBRIS APP](#) (See the QR Code on the back of this page), or if possible, return to Granite Creek Park and show us on the map where you found these sorts of items. To get them collected, we will let the proper authorities know.
- DROP-OFF LOCATIONS:** Drop-off locations are marked with orange traffic cones and small signs. Please place full trash bags in groups behind the cones. *Do not put bags in dumpsters or on streets, sidewalks, or in driveways.* All **bags and collected debris must be visible to collection-truck drivers.** Trash removal by the City of Prescott Solid Waste Department will occur after the event. Collected refuse will be weighed and recorded. We'll email you with the results of your work.
- TIRES:** If you find tires, please remove as much dirt and debris from the inside the tire as possible. Place tires at drop-off locations in a separate pile so City of Prescott Solid Waste Department can direct them to the appropriate recycle location. **Do NOT mix tires in with bags!**
- CAMPS:** If you encounter a suspected homeless camp, evaluate if it appears inhabited (tent sites, medicines, food, etc.). If inhabited, please avoid the camp. If it appears abandoned, **carefully** proceed with the cleanup. Please also let us know where you found the camp when you return to the park.
- EVENT END TIME:** *All good things must come to an end...* City of Prescott Solid Waste crews will make all the rounds and get us a total collection weight early Monday morning. Please **have all collected trash & debris to DROP-OFF locations by 5 PM on Sunday 4/21/2024.** We will email you with the results of your work.
- PHOTOS:** Please share any pictures, video, or stories you capture of people having a blast while improving their community. Email pictures and video Cleanup@PrescottCreeks.org. We'd love to hear/read your stories, too! Post pictures and video to social media using the following tags:

Willow Creek/Willow Lake:

[Willow Lake Rd. \(East end of parking adjacent to Britni Dr.\)](#)

Additional Resources

Granite Creek Guidelines

Use your phone and the QR CODE to the right to access a digital version the Guidelines with links Google Maps showing Drop-Off Locations for the trash you collect.

Report Large Debris

Sometimes certain items are just too hard to collect during the Cleanup Event. We've got an App for that thanks to our partners at the Yavapai County GIS Department.

Use your phone and the QR CODE to the left to quickly access the **Report Large Debris** page on the Prescott Creeks website, navigate maps, and forms to easily report items that you cannot collect during the Cleanup. The information you report is reviewed and forwarded to the appropriate authorities for further action.

Granite Creek Cleanup 2024 LOCATION Maps

Your group was assigned a Cleanup Location and Prescott Creeks provided a paper map that shows this location, adjacent roads, parking suggestions and other information. If you lost your map or would like to review a digital version, these maps are available on the Prescott Creeks website.

Use your phone and the QR CODE to the right to quickly access the **Cleanup Location Maps**. Scroll to the page you need (Location numbers, match page numbers.)

Granite Creek Cleanup 2024 Cleanup Location INDEX Map

On the back of your Cleanup Location Map you should find a copy of the Location INDEX map that shows all 50 of the Cleanup Locations. This map is a scaled down version of a 3-foot by 4-foot map and is difficult to read.

Use your phone and the QR CODE to the left to quickly access the **Cleanup Location INDEX Map** on the Prescott Creeks website.
